

# How to Use Piping

Is the ability to personalize your survey by taking a response that a person has provided and making it part of a subsequent questions text.

What is your first name?

John, how many times per week do you eat in the cafeteria?

- ☐ Once per week
- ☐ Twice per week
- ☐ 3-4 times
- ☐ Greater than 5 times per week

The information you enter into the first name text box is "Piped" into a question on a later page

**Step 1:** Select the question you wish to pipe into and choose Edit. Then check the box to implement piping.

1. ☒ Pipe answer of question number

1 842 - (Please provide first Name: )]]

Select-

1

Question

**Step 2:** In the drop down menu select the question that contains the answer you want. (question 1, first name) Copy and paste what appears in the blue box Into the question text where you want the piped answer to appear.

2.

Black 3 B I U

[[1012842 - (Please provide first Name: )]] is there a problem that we need to correct that would make cafeteria dining more enjoyable at your school?

## **Remember:**

- You have to pipe from page to page
- Not limited to 1 occurrence per page or per question
- Can pipe from : open ended text box, single select answer options and multi select answer options
